

STRATEGIES FOR SUCCESS IN THIS COURSE

Neural Networks
COMP 4107
Winter 2026

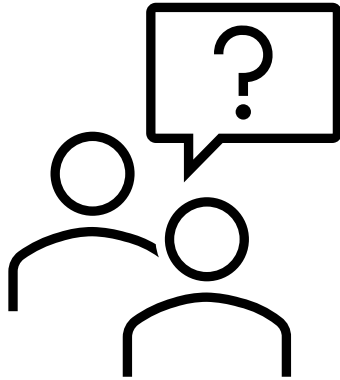

HOW DO I DO WELL IN THIS COURSE?

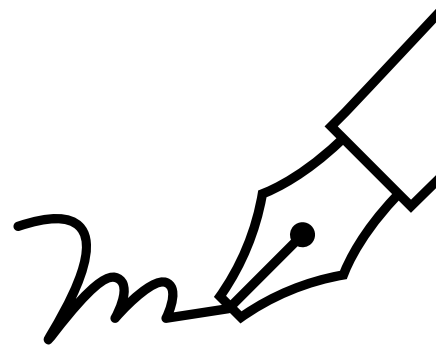

How do I master the learning outcomes?

How do I get a “good” grade?

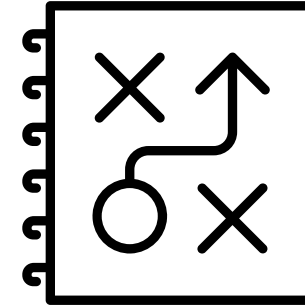

NOT SO SECRET FORMULA

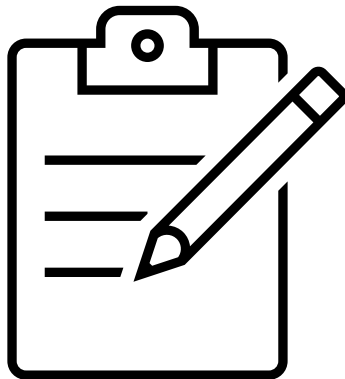

Ask for help

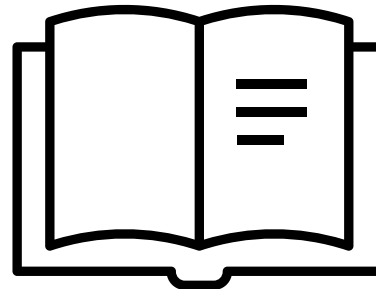

Take notes

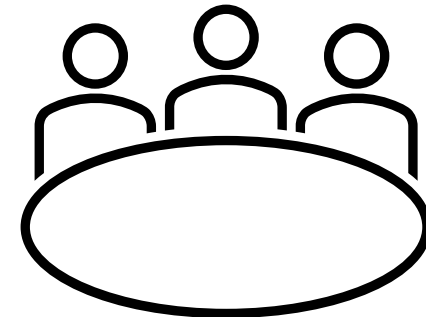

Do exercises

Review

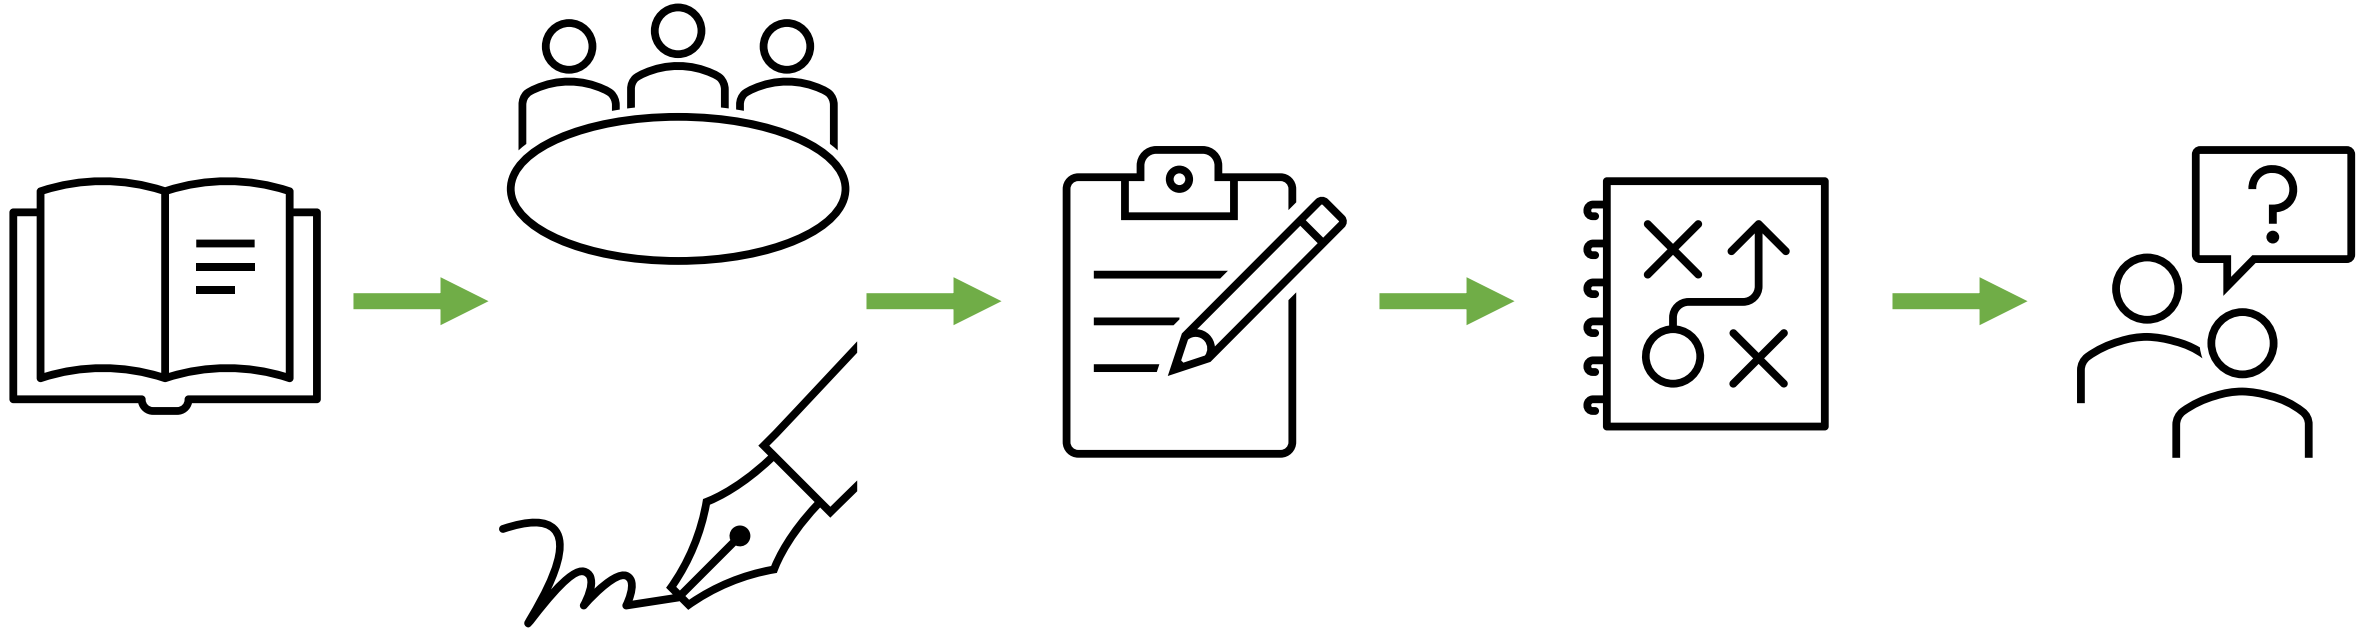

Read the textbook

Attend class

NOT SO SECRET FORMULA

NOT SO SECRET FORMULA

“Study experts say that for every one hour you’re in class, you should be devoting two hours outside of class to studying/school work.”

<https://carleton.ca/academicadvising/reduced-course-load/>

TIPS FOR THE QUIZZES

- Start early
- Do some of the exercises in a "quiz-like" environment
- You will not be able to look up everything during the quiz
- Prepare a review sheet with the most important material on it

TIPS FOR THE ASSIGNMENTS

- Start early
- Work in groups
- Read the entire assignment
- Understand the material before starting
- Follow the specifications for the implementations
- Do not plan on using the extension
- Upload drafts periodically

TIPS FOR THE PROJECT

- Start early
- Submit your proposal early
- Provide lots of details in the proposal
- Set weekly goals for what you want to accomplish
- Do something novel
- Read about related work before starting
- Do not plan on using the extension
